🌐 Portfolio: https://my-portfolio-red-eta-57.vercel.app/

Profile

Computer Science undergraduate passionate about full-stack web development with hands-on experience building MERN stack applications. Skilled in developing responsive user interfaces, RESTful APIs, JWT authentication, and database integration. Eager to apply technical skills to build scalable and impactful software solutions.

EDUCATION

Bachelor of Engineering (Computer Science Engineering)
Chitkara University, Rajpura
2024 – 2028
CGPA: **8.42/10**

Technical Skills: Java, JavaScript | **Frontend:** React.js, HTML5, CSS3, Tailwind CSS

Backend: Node.js, Express.js, MongoDB, PostgreSQL, REST APIs, JWT Authentication | **Tools:** Git, GitHub, Postman, VS Code

---

PROJECTS

Campus Connect Hub

Tech Stack: React.js • Node.js • Express.js • MongoDB • PostgreSQL • JWT

- Developed a full-stack campus management platform for students and clubs.
- Implemented secure JWT-based authentication and role-based authorization.
- Built REST APIs for events, clubs, announcements, and user management.
- Integrated MongoDB and PostgreSQL for efficient data management.
- Designed a responsive user interface with React.js.

Github: https://github.com/JatinxKumar/Campus-Connect-Hub.git

Live Demo: https://campus-connect-hub-ten.vercel.app/

Human Following Suitcase

Tech Stack: ESP32 • Ultrasonic Sensors • Embedded C

- Developed an autonomous suitcase capable of following a user.
- Integrated ultrasonic sensors for obstacle detection.
- Controlled motor movement using ESP32 microcontroller.

- Improved navigation accuracy through sensor calibration.

HACKATHONS

Hackathon Participant | CGC University
2025

- Participated in two inter-college hackathons at CGC University, collaborating with a team to design and develop innovative software solutions.
- Gained hands-on experience in rapid prototyping, problem-solving, teamwork, and presenting project ideas within strict time constraints.

CODING PROFILES

- LeetCode: https://leetcode.com/u/manu-1234/
